DETAILED ACTION

Allowance of claim 19 is hereby withdrawn due to a 112 issue in the claim

Claim Rejections - 35 USC § 112

1. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1-4, 6-8, 10-17, 19, and 21-23 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention

In claim 1 line 9 " converting the IP multicast communication to unicast ", in claim 10 lines 10-11 and in claim 19 lines 9-10 " a conversion server coupled to the destination that **converts** the IP multicast communication to unicast" are not disclosed in the specification in a way that would enable a person skilled in the art to use the invention.

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-4, 6-8, 10-17, 19 , and 21-23 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1 lines 3, 5 and 9, claim 10 lines 2, 5, 10 and 11; claim 19 lines 2, 6, 9 and 19 " multicast 1-4, 6-8, 10-17, 19 , and 21-2" multicast" and " unicast " are unclear. What multicast and unicast formats is being used?
